

LATEX PAINT DISPOSAL

Latex (also called “water based”) paint is **NOT** a hazardous waste and should be disposed of at the curb with the rest of your household trash. Here’s how to properly dispose of latex paint:

1. Make sure the paint can is $\frac{1}{2}$ full or less.
(If the can is more than $\frac{1}{2}$ full, pour the excess into another container, like a milk jug, coffee can or trash bag.
2. Add a clay-based kitty litter or speedy dry so that the can is $\frac{3}{4}$ full.
3. Stir paint/kitty litter or speedy dry mixture.
4. If liquid paint remains, add more kitty litter or speedy dry.
5. Allow paint/kitty litter or speedy dry mixture to dry until it is no longer pourable.
6. Dispose of can in the garbage.

***** DO NOT PUT THE LID BACK ON THE PAINT CAN!** Paint cans will **NOT** be picked up by your trash hauler if he/she can't see that the paint is dry.

OIL-BASED PAINT DISPOSAL

Oil-based paint is a flammable material. It must be disposed of at one of the PCFAWC's Household Hazardous Waste Collection Events.

Please call (908)453-2174 for more information.
